"Koso is defined as an enzyme or fermented in Japanese. Koso drink is a traditional enzyme drink created from vegetables, fruits, and plants. The main advantage of the Koso Cleanse is its richness in prebiotics and probiotics. This product can help you see results with your digestive health and microbiome health. Itâ??s better than Juice Cleanse," saysRyu Okada, founder of Râ??s KOSO. "In 2018 I moved to NY and, I suffered from frequent diarrhea, sleep deficiency, and low energy, but the

Japanese Koso Juice Cleanse helped me fully recover. It was a great way to reset my digestive system and restore microbiome health. Iâ??m excited to introduce this time-honored Japanese secret to every person in America."

Râ??s KOSO, Inc. believes its unique formula will be the best health drink for the health cleanse community. They are confident you will notice results with your digestive health and gut health.

The Râ??s KOSO line is now available in their online store with an MSRP of $99 per 474 ml/16oz bottles. Each bottle is enough for a 3 Day Cleanse. They are also proud to announce a new trial pack is now available, which retails at $19 per 30ml/1oz three bottles.
