

Azelis partnership with Symrise and strengthens the food & nutrition presence in India and Indonesia

01 November 2022 | News

Symrise specializes in creating inspiring flavor ingredients and solutions and is recognized for its taste balancing options and natural ingredients that meet consumer demands and market trends.

Symrise specializes in creating inspiring flavor ingredients and solutions and is recognized for its taste balancing options and natural ingredients that meet consumer demands and market trends.

Azelis, a leading global innovation service provider in the specialty chemicals and food ingredients industry, is delighted to announce a new partnership with Symrise, a global leader in flavor, fragrance, natural nutrition, and cosmetic ingredients, in India and Indonesia. Effective immediately, the new mandate builds on existing relationships with Symrise in other markets, and sees Azelis adding Symrise's dairy, confectionery, and bakery flavor portfolio to the group's food & nutrition lateral value chain in India. For Indonesia, the addition of Symrise's dairy, bakery, processed meat and culinary application flavors and ingredients enhances the group's position in the local food & nutrition market segment.

The addition of Symrise's flavor portfolio broadens Azelis' comprehensive offering in India and Indonesia, enabling it to offer new formulations and ingredient insights to partners. This collaboration will enhance the consumer experience with solutions that enrich taste and improve the nutritional profile of end products.

Kapil Sethia, Symrise Vice President - Marketing, Business Units & Key Accounts APAC, said, "At Symrise, we believe in offering differentiated natural ingredient-based and sustainable taste solutions to our customers. We value Azelis as a trusted preferred partner with an excellent reputation and in-depth knowledge of the food & nutrition market. From simple but powerful flavors to complex taste compositions and multi-sensorial flavor ingredients, customers can now select from a greater variety of products for different applications and requirements from a consolidated source."

Kimberly Chung, Azelis Asia Pacific Business Development Director, said that "Our partnership with Symrise reinforces our position as a one-stop shop for customers, where we can provide them with high-quality, innovative flavor ingredients and comprehensive solutions thanks to our technical and formulation expertise. Symrise's market-leading products are a great addition to our lateral value chain. Their extensive range of taste products will enhance our food &

nutrition offering, complementing our portfolio of advanced texturizing, nutritional and processing aids products.â
