Maple Pepper Bacon Sandwich: Meet Your NEW Summertime Bite
First tested in 2023 in Indianapolisâ?¯andâ?¯Lexington, Ky., Chick-fil-A's new Maple Pepper Bacon Sandwich balances the delicate flavours of sweet maple syrup combined with a gentle heat and delicious backyard grill flavour.

The sandwich is made with a lemon herb marinated boneless breast of chicken, grilled for a tender, smoky taste. It is served on a buttery and toasted maple-flavoured brioche bun, topped with Pepper Jack cheese, green leaf lettuce, and bacon hand-tossed in a brown sugar and pepper blend, topped with sweet and spicy pickles.
