

Univar Solutions to distribute Ingredion's food and beverage ingredients in Europe

14 June 2024 | News

The longtime strategic partners have worked together for over 30 years in Europe, the Middle East, and Africa (EMEA), providing expansive food portfolios for starches, plant-based proteins, and sweeteners

The longtime strategic partners have worked together for over 30 years in Europe, the Middle East, and Africa (EMEA), providing expansive food portfolios for starches, plant-based proteins, and sweeteners

Univar Solutions, LLC (Univar Solutions), a leading global solutions provider to users of speciality ingredients and chemicals, and Ingredion Incorporated, a global provider of speciality ingredients and innovation leader, announced a significant geo-expansion of their distribution partnership into Germany, Italy, and Switzerland for the food and beverage market. The longtime strategic partners have worked together for over 30 years in Europe, the Middle East, and Africa (EMEA), providing expansive food portfolios for starches, plant-based proteins, and sweeteners. Univar Solutions and PureCircle by Ingredion also work closely together to deliver stevia flavour modifiers and sweeteners that provide food manufacturers with deep sugar reduction solutions.

"We are extremely pleased to expand our relationship with Ingredion, a supplier partner with an outstanding global portfolio of nutrition, health, and wellness speciality ingredients," said Nick Powell, SVP and divisional president, of Ingredients & Specialties for Univar Solutions. "Univar Solutions and Ingredion are two of the most influential and respected companies known for providing innovative and high-performing ingredient solutions. As we look to positively shape the future of food, our continued partnership over many years reinforces our shared commitment to delivering exceptional ingredients, service, quality, and innovation to customers worldwide. We value Ingredion's trust in us and our dedicated Foodology by Univar Solutions team as we leverage our strong commercial reach to unlock new growth areas for customers worldwide."
