Sundaranathan has over 20 years of experience in the dairy industry across the Australian, Chinese and other Asian markets

Australian Dairy Nutritionals Limited (AHF) announced that Mahinthan (Mahi) Sundaranathan has been appointed as its Chief Executive Officer (CEO).

Sundaranathan has over 20 years of experience in the dairy industry across the Australian, Chinese and other Asian markets.

Mahi is a skilled and highly motivated marketing, sales & product development professional, bringing extensive experience across international markets with expertise in brand management, new product development, and project management in the FMCG and dairy sectors.

With a proven track record of leadership, Mahi has successfully driven sales and brand teams and collaborated on cross-functional projects to achieve specified objectives.

Having lived and worked in Sri Lanka, Malaysia, and Australia, and also being instrumental in the success of the a2 Milk Company in the Daigou channel into China, he brings a wealth of global insights and strategic planning capabilities.
