The company emerges from stealth to introduce cutting-edge, high-quality kitchen tools that inspire creativity and elevate culinary experiences

COSPRO, a provider of innovative and high-quality kitchen tools, launched its initial product offering, the 3-in-1 Electric Salt & Pepper Grinder Set. A versatile kitchen essential featuring three grinders for white pepper, black pepper, and salt, COSPRO's 3-in-1 Electric Salt & Pepper Grinder Set is designed for those who value convenience, efficiency, and quality and makes the perfect addition to both personal and professional kitchens.

One-Hand, One-Button Operation – Simply hold the salt & pepper grinder body and touch a button to effortlessly grind spices with one hand.

5-Level Coarseness with LED Light – Grind salt and pepper from extra coarse to very fine with precision.

Durable Ceramic Grinding Heads – COSPRO's grinder outperforms traditional metal mechanisms by offering superior durability and corrosion resistance.

Top-Fill Design for Effortless Refills – Mess-free, simply open the cap on the grinder and pour in your favourite spices.

Large Visible Food-Grade Silo â?? 1.7 oz silo lets you easily check spice levels, while the food-grade material keeps spices safe and fresh.

Wireless Charging Convenience â?? Place the grinders on the wireless charging base after use to ensure they are always ready when you need them.

Removable Tray for Simple Cleaning â?? A removable residual tray underneath the base offers mess-free maintenance, easy cleaning, and improved hygiene.

Stainless Steel: Durable and Elegant Design â?? Sleek body combines elegance with exceptional durability.
