Bachan's has introduced new Japanese Dipping Sauces. These sauces feature the same bold flavours and clean, authentic ingredients that you love, but they are thicker, richer, and perfect for dipping.

The Original Dipping Sauce and the Sweet & Spicy Dipping Sauce offer entirely new ways to enjoy dipping.

They feature authentic Japanese ingredients like stone-ground sesame (neri goma), crushed sesame seeds (suri goma), white miso, fresh ginger, and red habanero in the Sweet & Spicy option for heat lovers. These sauces are also dairy-free and nut-free so the whole family can enjoy them.
