Rob has supported MycoTechnology through many stages of growth as it became a prominent food technology innovator

Rob has supported MycoTechnology through many stages of growth as it became a prominent food technology innovator

MycoTechnology, Inc. has announced Rob Case, a member of the MycoTechnology Board of Directors, as its new Chairman of the Board. He succeeds Co-Founder and former Chairman, Alan Hahn, who will continue to support the company as a member of the board.

As a board member for over six years, Rob has supported MycoTechnology through many stages of growth as it became a prominent food technology innovator. His leadership and commercial expertise will help to guide the company throughout its ongoing advancement.

â??Rob has been a valuable asset to MycoTechnologyâ??s Board of Directors,â? said CTO, Ranjan Patnaik. â??His guidance will be essential to our continued success, including the development and commercialisation of our new Honey Truffle Sweeter, growth of our commercially successful ClearIQ natural flavour modifier, and future breakthroughs using the power of fungi.â?•
