Singapore-based, Luckin Coffee is ringing in the New Year with two limited-edition drinks: the Apple Fizzy Americano and the Ceylon Yuan-Yang. Both beverages offer bold flavours and festive cheer, perfect for celebrations with loved ones.

The Apple Fizzy Americano, available from January 1, 2025, combines freshly pressed apple juice, sparkling soda, and smooth Americano coffee, delivering the goodness of 1.4 apples in every cup. It's light, energising, and guilt-free—ideal for starting 2025 with a fresh perspective. Enjoy a special treat: buy any two drinks and receive a complimentary set of red packets (while stocks last) when you order through the Luckin Coffee app.

The Ceylon Yuan-Yang will be available starting January 24, 2025. This drink features Ceylon black tea, layered with milk and espresso, providing a smooth, creamy taste that captures the joy of Chinese New Year celebrations.

Since its launch in Singapore in March 2023, Luckin Coffee has opened over 50 outlets and quickly become a favourite among locals for its high-quality drinks and innovative menu options.
